Reasons for Allowance

1. Claims 1-16 are allowed.
2. The following is an examiner's statement of reasons for allowance:

This application is for a head assembly.

- **Claims 1 and 16** specifies a head assembly, which requires:

"...a slider body having a trailing end surface defining a trailing end of the slider body farthest from a leading end of the slider body; and a slit defined in the trailing end surface of the slider body so as to separate a movable block from a stationary block in the slider body, said movable block including a part of the trailing end surface, said stationary block including a remaining part of the trailing end surface separated from the part of the trailing end surface by the slit."

These features, in combination with the other features of Claims 1 and 16, are not anticipated by, nor made obvious over, the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
